

The Federal Communications Commission

Dear The Federal Communications Commission,

I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

The flat fee proposal you are considering is not fair to people like me, a retiree who makes few long distance calls and uses a prepaid cell phone only for emergencies. Low-volume and primarily residential customers should not bear the same universal service fund burden as a high-volume residential or business customers. This is not fair!

Keep the USF Fair!

Paul Plawin Gainesville, VA

Sincerely,

Paul R. Plawin
